### RELEASE DATE:

April 2017

### AGING:

17 Months

### COOPERAGE:

45% French, 30% American, 25% Hungarian  
50% New Oak

After several years of draught, above average temperatures and compressed dormancy, yields in 2015 were the lowest on record, which produced wines of intense concentration and character. The deep inky color of our Petite Sirah is indicative of the rich, opulent dark ripe fruit that engulfs the palate. Aromas of super ripe blackberry and toasty barrel notes at the start are then finished by ripe dark fruit, cocoa and black licorice that lingers enjoyably for quite some time. Enjoy this blockbuster!
